POWERBALL HCI-TS

Metal halide lamps with ceramic technology for enclosed luminaires

- Shopping arcades Foyers, reception areas Museums, exhibitions Exhibition halls and trade fairs Factories and workshops Buildings, monuments, bridges Approved only for use in enclosed luminaires Outdoor applications only in suitable luminaires

- Very high efficiency Good to excellent color rendering Very good color stability UV values significantly below the maximum permitted thresholds to IEC 61167 thanks to UV filter

Product family datasheet

System guarantee

For the vast majority of our lamps we are offering an extended system guarantee in conjunction with OSRAM POWERTRONIC control gear.

Application advice

For more detailed application information and graphics please see product datasheet.

Ecodesign regulation information:

Separate control gear and light sources must be disposed of at certified disposal companies in accordance with Directive 2012/19/EU (WEEE) in the EU and with Waste Electrical and Electronic Equipment (WEEE) Regulations 2013 in the UK. For this purpose, collection points for recycling centres and take-back systems (CRSO) are available from retailers or private disposal companies, which accept separate control gear and light sources free of charge. In this way, raw materials are conserved and materials are recycled.
