Product family datasheet

# DIADEM

## Only amber or red during operation

**Opal design**
Thanks to state-of-the-art interference coating

**Amber or red when ON**
Only amber or red when operating

**Extra lifetime**
Up to double the service life compared with standard lamps

### The design light with opal look

OSRAM DIADEM signal lights only emit amber or red light during operation – making them the perfect, attractive light supplement for halogen and xenon headlamps. Thanks to the state-of-the-art interference coating, the lamp shines in an opal look and is ideal for all indicator lights with clear covers. In addition, it convinces with up to double the service life compared to standard lamps.
