

LEDDriving FOG PL

Colorful LED fog light with integrated daytime running light

Projection lens

Powerful performance thanks to xenon-like projector lens available in different stylish colors

2 in 1

LED fog light with daytime running light functionality

6000 K

Substantially higher color temperature compared to conventional fog lights for better visibility

LED fog lights for an individual look

LEDDriving FOG PL provides impressive light power with a color temperature of 6,000 Kelvin. The fog light in shape of an eagle eye, as well as the different housing colors allow for individual car design and style. These fog lights with integrated LED daytime running light functionality are ECE-compliant. The combination of powerful LED fog lights and integrated daytime running lights improves your field of vision and visibility significantly. What's more, LEDDriving FOG PL offers high levels of energy efficiency and a long lifetime up to 5,000 hours, which is up to five times longer compared to conventional H11 halogen fog lights. OSRAM offers a 5-year guarantee for this LED fog light. Note: LEDDriving FOG PL is certified according to ECE, SAE, CCC regulations (ECE E6 approval; ECE R19/R87 approval)
