

LEDiving FOG LAMP H8/H11/H16

LED replacement for conventional fog lamps

Extreme bright white light for better visibility

Perfect color match with Xenon and LED headlights

Excellent brightness

No glaring thanks to an optimized light distribution

Matches H8, H11 and H16 halogen lamps

Upgrade to LED with simple plug and play replacement

New OSRAM LED fog lamps to increase safety and performance

The LEDiving FOG LAMP provides an upgrade with SSL technology with a color temperature of 6000K and perfectly matches existing LED Daytime Running Lights and Xenon Low- and High-beam systems. The LED fog lamps are easy to install and fit in most fog headlights using H8, H11 or H16. The advanced airflow technology ensures a long lifetime. The product comes with a 5 year OSRAM guarantee. These products are not ECE-approved and must not be used on public roads in any exterior application. Use on public roads will invalidate both the operating license and insurance coverage. Some countries prohibit the sale and use of these products. Please contact your local distributor for information on your country.

Product family datasheet

Technical data

Product description	Product information			Electrical data	
	Order reference	Application (Category and Product specific)	Product type (off-road vs. on-road)	Test voltage	Nominal voltage
LEDiving FOG LAMP ≅ H8/H11/H16	66220CW	Mainly used for headlight/ fog light applications	Off-road ≅ H8/H11/H16	13.5 V	12.0 V

Product description	Nominal wattage	Power input	Photometrical data		Dimensions & weight	Lifespan	
			Luminous flux	Luminous flux tolerance		Lifespan B3	Lifespan Tc
LEDiving FOG LAMP ≅ H8/H11/H16	11.22 W	12.342 W	730 lm	±25 %	42.0 mm	2500 h	5000 h

Product description	Additional product data	Capabilities	Certificates & standards
	Base (standard designation)	Technology	ECE category
LEDiving FOG LAMP ≅ H8/H11/H16	PGJ19-1/2/3	LED
