

LEDDriving XENARC GTI Edition VW Golf VI

LED headlights

Up to 70% more light

For fatigue-free and comfortable driving compared to standard headlights with halogen lamps

Up to 20 m longer light cone

For improved visibility and less eye strain compared to standard headlights with halogen lamps

Up to 40% whiter light

For fatigue-free and comfortable driving compared to standard headlights with halogen lamps

Stylish highlights for the Golf VI

LEDDriving XENARC Golf VI - GTI – this premium LED headlight by OSRAM picks up the GTI's stylish red grill stripes to create a seamless look. Thanks to state-of-the-art lightguide technology, the LEDDriving XENARC light with pixel-free optic generates a maximum of light on the road: an up to 20 m longer light cone and up to 70% more light than standard headlights with halogen lamps. This means better visibility and more time to react. Added to this, is the up to 40% whiter light compared to standard headlights with halogen lamps. The LEDDriving XENARC Golf VI – GTI edition allows simple, quick self-installation with plug and play. OSRAM offers a 2 year guarantee on the LEDDriving XENARC Golf VI headlights. Note: Upgrading to the ECE-approved LEDDriving XENARC headlight complies with all legal requirements – no need to fit automatic leveling or a headlight-cleaning system. Not for sale in USA.

Legal advice

The LEDiving headlights are fully ECE compliant for a replacement of OEM halogen headlights and therefore registration free. This does not include individual custom requirements of countries, in addition to the standardized ECE certification of the product.

Application advice

For more detailed application information and graphics please see product datasheet.
