

## PrevaLED Linear G6

### Linear Light Engines

#### Product family features

- Module efficacy: up to 206 lm/W
- Available with luminous flux: 245 lm on 62 mm, 275 lm on 70 mm
- Available with luminous flux: 550 lm on 140 mm
- Available with luminous flux: 1,100 lm or 2,000 lm on 280 mm
- Available with luminous flux: 2,200 lm or 4,000 lm on 560 mm
- Available with color temperature: 2,700K, 3,000 K, 4,000 K, 5,000 K or 6,500 K
- High initial color consistency:  $\leq 3$  SDCM
- Average lifetime (L80 B50):  $> 70,000$  h (temperature at  $T_c = 50^\circ\text{C}$ )
- CE marked, ENEC certified; UL listed

#### Product family benefits

- Slim luminaire design by small and flexible form factor
- High homogeneity thanks to small LED pitch
- High voltage (HV) optimized for non-isolated, low voltage (LV) optimized for SELV operation
- Adjustable luminous flux, efficacy and lifetime
- Direct the light where it's needed while using PrevaLED Linear Optics

#### Areas of application

- Office
- Industry

## Product family datasheet

---

### Application advice

For more detailed application information and graphics please see product datasheet.

---

### Additional product information

- When parallel wiring, tolerance-related differences in output are possible and may cause deviations in brightness.

---

### Sales and Technical Support

Sales and Technical Support [www.osram.com](http://www.osram.com)

---

### Ecodesign regulation information:

Separate control gear and light sources must be disposed of at certified disposal companies in accordance with Directive 2012/19/EU (WEEE) in the EU and with Waste Electrical and Electronic Equipment (WEEE) Regulations 2013 in the UK. For this purpose, collection points for recycling centres and take-back systems (CRSO) are available from retailers or private disposal companies, which accept separate control gear and light sources free of charge. In this way, raw materials are conserved and materials are recycled.
