## SubstiTUBE U-Shape

U-shaped LED tubes for electromagnetic control gears

– Street and city lighting Industry

- Quick, simple and safe replacement without rewiring Energy savings of up to 65 % (compared to T8 fluorescent lamp on CCG) Operation directly on 230 V AC mains possible Instant-on light, therefore ideally suitable in combination with sensor technology Very high resistance to switching loads Also suitable for operation at low temperatures

### Application advice

For more detailed application information and graphics please see product datasheet.

---

### Ecodesign regulation information:

Separate control gear and light sources must be disposed of at certified disposal companies in accordance with Directive 2012/19/EU (WEEE) in the EU and with Waste Electrical and Electronic Equipment (WEEE) Regulations 2013 in the UK. For this purpose, collection points for recycling centres and take-back systems (CRSO) are available from retailers or private disposal companies, which accept separate control gear and light sources free of charge. In this way, raw materials are conserved and materials are recycled.
