### Switch on the WOW with OSRAM LEDriving tail lights

Innovative & Up-to-date Driven by our pursuit for innovation and quality, we are redefining vehicle lighting from OSRAM. With the addition of the LEDriving taillight for the Ford Fiesta MK7 (2013-2017), the extensive OSRAM LED portfolio has received an additional upgrade. These full-LED taillights offer an innovative design to impressively complement the individual look of your vehicle. They bring precise lighting to the rear of your vehicle and are also an upgrade to the latest OEM premium technology. The OSRAM LEDriving tail light for the Ford Fiesta MK 7 (2013-2017) is a full LED taillight. It is equipped with LED position light, LED brake light, LED reversing light and dynamic LED indicator. The taillights score thanks to long-life high-performance LEDs with intense brightness and impressive high contrast day and night and are also highly efficient with up to 80% less energy consumption<sup>1)</sup>. They also impress with a homogeneous light distribution thanks to modern light guide technology and modern diffuser material. As a result of all these aspects, the possibility of an improved perception of your vehicle also results in increased safety in road traffic. Completely legal & uncomplicated conversion Accentuating the vehicle completely legally, in a straightforward and extremely stylish way with eye-catching accents is now very easy with the latest OSRAM innovations. According to the ECE guidelines, the necessary tests and approvals have been carried out on the LEDriving taillights which means that they are therefore completely legal in road traffic and a registration into the vehicle documents is not necessary. ECE certified according to ECE R6/R7/R10/R23. The Plug & Play technology ensures a quick and uncomplicated installation of the LEDriving taillights, existing cables do not have to be changed or damaged. Tested OSRAM quality according to DIN EN ISO/IEC 17025 The LEDriving taillight has been tested in our DIN-certified environmental simulation laboratory for extreme external influences regarding water, dust, cold & warm temperatures, UV light and permanent vibrations and validated with the IP protection class IP69K.
