

## OPTOTRONIC FIT NFC

Compact constant current LED driver – Non dimmable

### Areas of application

- Spot light and down light
- Offices
- Shops
- Hospitality

### Product family benefits

- Fast programming / current set via NFC\*
- High quality of light thanks to low output ripple current
- Small housing for flexible luminaire designs
- High efficiency

### Product family features

- Output current range 150-1050 mA
- NFC Interface
- Low LF-ripple < 5%
- Lifetime: up to 50,000 h (temperature at max.  $t_c$ )

## Product family datasheet

### Ecodesign regulation information:

Intended for use with LED modules.

The forward voltage of the LED light source shall be within the defined operating window of the control gear in all operating conditions including dimming if applicable.

Separate control gear and light sources must be disposed of at certified disposal companies in accordance with Directive 2012/19/EU (WEEE) in the EU and with Waste Electrical and Electronic Equipment (WEEE) Regulations 2013 in the UK. For this purpose, collection points for recycling centres and take-back systems (CRSO) are available from retailers or private disposal companies, which accept separate control gear and light sources free of charge. In this way, raw materials are conserved and materials are recycled.
