Switch on the WOW with OSRAM LEDriving tail lights

Innovative & Up-to-dateDriven by our pursuit for innovation and quality, we are redefining vehicle lighting from OSRAM. With the addition of the OSRAM LEDriving taillights for VW Golf VI the extensive OSRAM LED portfolio has received an additional upgrade. These LED taillights offer an innovative design to impressively complement the individual look of your vehicle. They bring precise lighting to the rear of your vehicle and are also an upgrade to the latest OEM premium technology The OSRAM LEDriving taillights for VW Golf VI are composed of: LED position light, LED brake light, LED rear fog light and dynamic LED indicator.The taillights score thanks to high-performance long-life LEDs with intense brightness and impressive high contrast day and night and are also highly efficient with up to 80% less energy consumption1). They also impress with a homogeneous light distribution thanks to innovative light guide technology and modern diffuser material. As a result of all these aspects, the possibility of an improved perception of your vehicle also results in increased safety in road traffic.Completely legal & uncomplicated conversionAccentuating the vehicle completely legally, in a straightforward and extremely stylish way with eye-catching accents is now very easy with the latest OSRAM innovations. According to the ECE guidelines, the necessary tests and approvals have been carried out on the OSRAM LEDriving taillights which means that they are therefore completely legal in road traffic and a registration into the vehicle documents is not necessary. ECE certified according to ECE R6/R7/R10/R23/R38/R48.The Plug & Play technology ensures a quick and uncomplicated installation of the OSRAM LEDriving taillights, existing cables do not have to be changed or damaged.Tested OSRAM quality according to DIN EN ISO/IEC 17025The OSRAM LEDriving taillights have been tested in our DIN-certified environmental simulation laboratory for extreme external influences regarding water, dust, cold & warm temperatures, UV light and permanent vibrations and validated with the IP protection class IP69K.Switch on the WOW with the OSRAM LEDriving taillightsApplication Advice:- Suitable for all VW Golf VI models (2008-2012) with original equipment halogen taillights- Not suitable for VW Golf VI station wagon- Not suitable for VW Golf VI with original equipment LED taillights- Not suitable for RHD Models1) Compared to halogen taillights2) for precise conditions please refer to: www.osram.com/am-guarantee

Product datasheet

Technical data

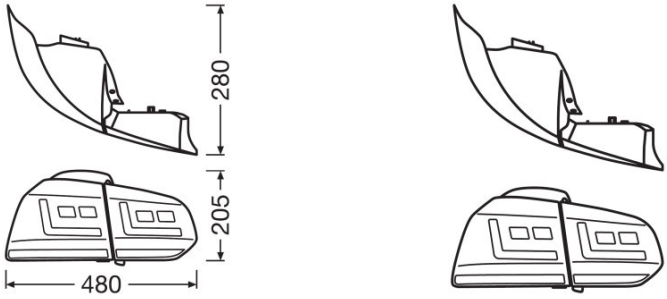

Product information

Order reference	LEDTL102-CL
Application (Category and Product specific)	Full LED Taillight

Electrical data

Nominal wattage	30.00 W
Nominal voltage	12.0 V

Dimensions & weight

Product weight	4000.00 g
Length	480.0 mm
Width	280.0 mm
Height	205.0 mm

Lifespan

Lifespan Tc	5000 h
Guarantee	2 years

Additional product data

Connector to lamp	Plug&Play

Capabilities

Technology	LED

Certificates & standards

Standards	ECE R6, R7, R10, R23, R38, R48
Approval marks – approval	E4 approval

© 2024, OSRAM GmbH. All rights reserved.

Country specific categorizations

Order reference	LEDTL102-CL

Environmental information

Information according Art. 33 of EU Regulation (EC) 1907/2006 (REACh)	
Date of Declaration	07-03-2024
Primary Article Identifier	4052899617001
Candidate List Substance 1	Lead
CAS No. of substance 1	7439-92-1
Safe Use Instruction	The identification of the Candidate List substance is sufficient to allow safe use of the article.
Declaration No. in SCIP database	4b329fe9-09b7-4525-a87c-c1707989bdd7

Logistical Data

Product code	Product description	Packaging unit (Pieces/Unit)	Dimensions (length x width x height)	Volume	Gross weight
4052899617001	LEDriving tail lights for VW GOLF VI	Shipping carton box 1	597 mm x 510 mm x 288 mm	87.69 dm^3	6310.00 g

The mentioned product code describes the smallest quantity unit which can be ordered. One shipping unit can contain one or more single products. When placing an order, for the quantity please enter single or multiples of a shipping unit.
