SubstiTUBE PRO UO EM

High performance LED tubes for electromagnetic control gears, shatterproof

- General illumination within ambient temperatures from -20...+50 °C Illumination of production areas Traffic zones and corridors Supermarkets and department stores Industry

-
- No bending thanks to glass tube Shatter protection thanks to special PET coating Support the implementation of the HACCP concepts from production through to presentation Very high resistance to switching loads High luminous flux for sophisticated lighting tasks Quick, simple and safe replacement without rewiring Energy savings of up to 60 % (compared to T8 fluorescent lamp on CCG)
