

### Product family datasheet

# LEDinspect Flood 10W

### Inspection lights

1000 lm

Bright, white light by high performance

LEDs

Rechargeable battery
perating time of up to 5 h (high

Operating time of up to 5 h (high) / up to 10 h (low) / up to 12 h (flashing)

#### Water- and dirt repellent

Protection against the ingress of particles with  $\geq 1.0$  mm and against splash water according to IP54 / IK06

#### Light is versatile

This high-quality inspection light is perfect for professional and private use. For a variety of applications e.g for a wide and large-area lighting of rooms, areas and surfaces.

With three light functions - high, low and flashing - 25 LEDs, 10 watts and up to 6000 Kelvin and a rechargeable 3.7 V 4000 mAh lithium battery, this headlight has an operating time of up to 5 h (high) / up to 10 h (low) / up to at 20 h (flashing). With the IP protection class IP54, IK06, this spotlight is protected against the ingress of particles with  $\geq$  1.0 mm and against splash water. It can also be used as a power bank as 2 USB connections are integrated. This LED flooder is easy to transport, has a non-slip and dirt-repellent surface, contains an integrated angle stand & magnets for hands-free work and easy attachment, and is therefore ideal as a work lamp for manual activities, car repairs, renovation
