

ROADsight OCSE20N

**20-meter long, durable extension cable**

Enjoy flexibility during installation, even on larger vehicles like RVs, vans, or trailers

**Plug-and-play design**

Quick and easy setup – the plug-and-play cable connects without the need for extra tools

**High-quality signal transmission**

Ensures a secure and stable connection for your reversing camera

**Reliable 20-Meter Extension Cable for Your ROADsight Reverse Camera System**

The extension cable for your existing ROADsight Reverse Camera system — designed to seamlessly connect your wired camera to the OCS700N monitor unit over longer distances without signal loss.

This 20-meter durable extension cable offers flexibility during installation, making it ideal for larger vehicles such as RVs, vans, or trailers.

Thanks to its plug-and-play design, installation is quick and hassle-free — no extra tools required. The cable provides stable signal transmission, guaranteeing a clear and uninterrupted video feed from your reversing camera. Extend your ROADsight system effortlessly and maintain full control and visibility while reversing, parking, or maneuvering — even at greater distances between camera and monitor.
