

LEDDriving headlight for VW Golf VII Facelift

Legal and powerful LED upgrade

See and be seen with OSRAM
-Up to 200% more light¹⁾-Up to 100% whiter light²⁾-Color temperature up to 6500K-Up to 200m long light beam

Plug & Play
Uncomplicated modification and installation
Quick modification and installation

ECE-certified
The necessary tests and approvals were carried out and an ECE type approval was granted⁴⁾ECE R6/R7/R48/R87/R112

2 Year OSRAM Guarantee³⁾
Systematic quality assurance measures underpin the premium workmanship and functionality of our products. Innovative technology and excellent quality really pay dividends for our customers

Switch on the WOW with OSRAM LEDriving head lights

Innovative & Up to date Driven by our striving for innovation and quality, we are redefining vehicle lighting from OSRAM. At OSRAM there is no compromise when it comes to quality and performance. With the addition of the OSRAM LEDriving headlights for the VW Golf VII Facelift, the extensive OSRAM LED portfolio has received an additional upgrade. These full-LED headlights offer an innovative design to impressively complement the individual look of your vehicle. The OSRAM LEDriving Headlights bring precise lighting to the front of your vehicle and onto the road and are also an upgrade to the latest OEM premium technology. The OSRAM LEDriving Headlight is a complete LED headlight, equipped with LED position light, LED low beam, LED high beam, LED daytime running light and dynamic LED indicator. Thanks to long-life high-performance LEDs with intensive brightness, they score with up to 200% more light¹⁾, impress with up to 100% whiter light²⁾ and are characterized by a lighting range that can reach up to 200m. In addition, thanks to modern light guide technology and modern diffuser material they convince with a homogeneous light distribution and pixel-free optics. All these aspects result in the possibility of an improved visibility for the driver and an improved perception of your vehicle and consequently an increased safety in road traffic. OSRAM also offers a 2-year guarantee³⁾ ECE-compliant & uncomplicated conversion. Accentuating the vehicle ECE-compliant, in a straightforward and extremely stylish manner with remarkable accents is now very easy with the latest OSRAM innovations. According to the ECE guidelines, the necessary tests and approvals have been carried out on the LEDriving headlights, which means that a registration into the vehicle documents is not necessary⁴⁾ ECE certified according to ECE R6/R7/R48/R87/R112. Plug & Play technology ensures a quick and uncomplicated installation of the OSRAM LEDriving headlights, existing cables do not need to be modified or damaged. There is also no need for subsequent headlight range adjustment and no additional headlight cleaning system is required. Tested OSRAM quality according to DIN EN ISO/IEC 17025. The OSRAM LEDriving headlights have been tested in our DIN-certified environmental simulation laboratory for extreme external influences in terms of water, dust, cold and warm temperatures, UV light and permanent vibrations & shocks and validated with the IP protection class IP69K. Switch on the WOW with OSRAM LEDriving headlights¹⁾ Compared to ECE R 112 minimum requirements²⁾ Compared to standard halogen headlights³⁾ For precise conditions please refer to: www.osram.com/am-guarantee Application advice:- Suitable for VW Golf VII Facelift with original equipment halogen headlights- Not suitable for VW Golf VII Facelift with original equipment xenon headlights- Not suitable for left-hand traffic
