

TYREinflate 2000

Powerbank-Function

Can be used to charge different electronic devices such as cell phones etc.

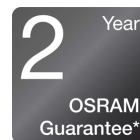

LED-Light

High quality LED light for the display as well as for the flashlight function.

Digital & Auto Stop

Digital backlit display and Auto Stop function when pre-set pressure is reached.

2-year-OSRAM guarantee*

Systematic quality assurance measures underpin the premium workmanship and functionality of our products.

Compact rechargeable tyre inflator

The OSRAM TYREinflate 2000 is a rechargeable tire pump with digital backlit display for easier and more accurate pressure measurements and inflation of tires that displays pressure values in BAR, kPA and PSI. The OSRAM TYREinflate 2000 has an internal memory and thanks to the memory function up to four different values for different tires can be programmed and stored. It is also equipped with an auto-stop function: the OSRAM TYREinflate 2000 stops automatically when the correct and preset pressure is reached. Through the included USB cable, the OSRAM TYREinflate 2000 is rechargeable, and no 12V outlet is required for power supply, so this is not only for inflating car tires, but can also be used for inflating bicycle, scooter and motorcycle tires. The lightweight and compact design of the OSRAM TYREinflate 2000 makes it ideal for on-the-go use and can be taken almost anywhere. With the included storage bag, simply store in the glove compartment of the car, a bag or rucksack. A bracket for mounting and storage on a bicycle is included. Thanks to the powerbank-function, the OSRAM TYREinflate 2000 can also be used as a charger for electronic devices such as e.g. a mobile phone. In addition, the integrated flashlight function can provide illumination at night or in poor lighting conditions. Also included is a 2-piece adapter set that can be used as a connector for bikes, balls and other inflatables with Presta valves. OSRAM offers a 2-year guarantee* on this product.* for precise conditions please refer to: www.osram.com/am-guarantee

Product datasheet

Technical data

Product information

Inflation time	<2mins (0-80 PSI Bicycle tyre)
Max Pressure	120PSI / 8.3 bar
Air Hose Length	14.5 cm
Charge Time (h)	ca. 3 Hours
Display Size	30 x 155 mm
Measuring Units	PSI, kPa, bar
Accuracy (bar)	0-1.5 PSI

General Product Information

Global order reference	OTIR2000
------------------------	----------

Electrical Data

Nominal wattage	67.00 W
Nominal voltage	3.7 V
Operating Voltage	Rechargeable Battery (5200 mAh)
Power Source	USB Cable

Physical Attributes & Dimensions

Length	70.0 mm
Width	70.0 mm
Height	170 mm

Operating Conditions

Noise Level (dB)	83 dB
------------------	-------

Additional product data

Display Type	Digital
Recommended to Use With	Bicycles, Motorbikes, Cars

Capabilities

Accessories	Adaptors for bicycles & small sports inflatable. USB charging cable, Powerbank facility, LED light, storage bag, bicycle bracket
Fuse	18 A

Environmental & Regulatory Information

Product datasheet

Information according Art. 33 of EU Regulation (EC) 1907/2006 (REACH)	
Date of declaration	05-08-2024
Candidate list substance 1	Lead
CAS No. of substance 1	7439-92-1
Safe use instruction	The identification of the Candidate List substance is sufficient to allow safe use of the article.
Declaration no. in SCIP database	674be9b0-45aa-4d89-9050-1de10cf19353

Product datasheet

Compressore per pneumatici ricaricabile

Design robusto per gonfiare pneumatici di auto, moto, biciclette e scooter ovunque tu sia

Compatto e leggero per un facile stoccaggio e trasporto

Ricarica auto di 25-35 psi: <3 min
Pneumatico per bicicletta da piatto: <2 minuti

Fonction Powerbank

Einfach zu bedienen

Gut lesbare digitale Anzeige

Memory Funktion um bis zu vier Werte zu programmieren

Digitaler Autostopp für präzises Aufpumpen

Druckanzeige in Psi, BAR und kPa
