Light is versatile

Designed with versatility in mind, the UTILITY 1000 combines magnetic, 180° ratcheting base with a 360° rotating body. This means the inspectionlight can be used either freestanding or hands-free, positioned in any number of ways to ensure the work area is properly illuminated. With two light functions - high with up to 1000lm and low with up to 400lm - it produces a light output that can be matched to the task at hand. This inspection light is ideal as a light for manual work, car repairs and everyday use. OSRAM also provides a 2-year guarantee on this product* Charging cable and mains charger included.
