Product family datasheet

BATTERYstart 360

Jump starter

≤ 6L Petrol & ≤ 3L Diesel
To jump start 12V vehicles with up to 6L petrol and up to 3L diesel engines

Fast start function
Jump-start your vehicle in approximately 60 seconds

USB-Powerbank
To charge electronic devices including smart phones and tablets

PD30W Rapid Technology
Fast Charging & Fast Recharging

Fast Charge 13000mAh Lithium Starter

Jump-start your vehicle in approximately 60 seconds and recharge the device and other mobile devices in no time thanks to the quick-charge function. The BATTERYstart 360 is designed to jump-start 12V vehicles with up to 6L petrol and up to 3L diesel engines. It has a powerful 13000mAh lithium battery with fast charging function. In addition, the device has safety clamps a reverse polarity, short circuit and overvoltage protection. Weighing only 840g, the device is easy to handle and operate. The compact size fits well in a glove compartment and the included storage bag serves to protect the device and for practical storage. A torch is also integrated, which can be used to illuminate the engine compartment in poor lighting conditions or at night.Important information!If you have an OSRAM BATTERYstart 360 (order number OBSL 360) battery starter at home, please read the product recall information carefully!To the product recallhttps://www.osram.com/OBSL360
