

Wire Harness AX 2LS

Connection of two light sources

Wire harness suitable for the installation of two light sources with one lighting function of the OSRAM LEDriving driving and working lights for 12 V vehicles

OnOff switch integrated

For installation in the vehicles cabin to switch the OSRAM LEDriving working lights on or off as required

Easy Installation

For easy installation of OSRAM LEDriving driving and working lights

Bringing light to life with OSRAM LEDriving driving and working lights

To support the installation of the OSRAM LEDriving driving and working lights, OSRAM has developed a special series with suitable accessories for them. With the OSRAM Wire Harness AX 2LS, the OSRAM LEDriving driving and working lights, can now be installed quickly and easily on the appropriate vehicle. The OSRAM Wire Harness AX 2LS is a wire harness that is suitable for the installation of two light sources with one lighting function. It also has an integrated on/off switch that can be installed in the vehicles cabin to switch the OSRAM LEDriving working lights on or off as required. The switch is only to be used for the OSRAM LEDriving working lights. The OSRAM Wire Harness AX 2LS is suitable for 12V vehicles. OSRAM also offers a 2-year guarantee¹⁾.
